

Wanted Good Woman

Wanted - good woman must be able to cook and clean fish
Wanted - good woman must be able to dig worms and make the dish
Must have boat and motor lovin living outdoor
Must have boat and motor loving living outdoor

Remember times when we're together thought that our love would never die
But things changes nothing ain't forever and like a little boy I had to cry
She left home in march on a Friday morning
Left me all alone oh yes she's gone

Well it ain't matter anymore that she was leaving guess I'll find new love down into town
A man like me lives like an outlaw talking to himself from dusk 'til dawn
She left home in march on a Friday morning left me here all alone
oh yes she's gone

Wanted - good woman must be able to cook and clean fish
Wanted - good woman must be able to dig worms and make the dish
Must have boat and motor Loving living outdoor
Must have boat and motor Loving living outdoor
